

The SC Engineering Conference & Trade Show is focused on the safety and workload of the South Carolina engineering community. The SC Engineering Conference & Trade Show committee consisting of members of ACEC-SC, ASCE/SC and SCSPE decided it was best to postpone the Conference until August 12- 15, 2020 at the Embassy Suites, North Charleston. This date allows time for you, your staff and projects to return to normal while still occurring during the extended License Renewal Period set by SCLLR and the SC State Board of Registration for Professional Engineers and Surveyors of Sept. 30, 2020.

Due to the change in date and the current COVID-19 Pandemic, the SC Engineering Conference & Trade Show understands some attendees, exhibitors and speakers may not be able to attend. Please reference the Frequently Asked Questions (FAQ) below.
